## EMISSION CONTROL RESIDENCY AFFIDAVIT

### Pursuant to NAC 445B.591

Nevada regulations require a vehicle emission inspection prior to the registration of your vehicle.

If your vehicle is not currently available for a Nevada emission inspection, or you are not currently residing in a county that requires a Nevada emission inspection, you may register your vehicle or renew your current registration by completing the residency affidavit on the reverse side of this form.

If you currently reside outside the state of Nevada, you must provide a passing emissions certificate from your current state of residency or a completed residency affidavit (if that state has no emission testing program).

Please return your registration renewal form and the residency affidavit or a valid passing emission certificate, with your check or money order in the exact amount of your registration fee. This paperwork should be received prior to the expiration of your current registration. Mail to:

Department of Motor Vehicles  
Central Services and Records Division
